Dear Milton:

Your presentation to our team in February by far exceeded all expectations in every conceivable way. Having seen your energy and personal interaction at AACUC in Charleston last summer, I knew you would bring a very timely message to our staff meeting. Well my friend, based on the feedback and enthusiastic reactions from our employees, you knocked it out of the park!

In my 40+ years in various management and leadership capacities, I have seen many, many fine presentations. Now you have taken the word "engaged" as it pertains to the working environment to an entirely new plateau – yet as you spoke, your words were heard by over 250 employees who interpreted your message as a theme for our credit union's mission to serve our members.

Thank you ever so much for being with us and we are looking forward to our next occasion together.

We are ENGAGED!!!

Sincerely,
